

VACANCY EQUINE REPRODUCTION VETERINARIAN: Season 2023

We are looking for a young, enthusiastic and motivated veterinarian with a special interest in equine reproduction to assist us during the reproduction season 2023 (March until August).

You will work in different aspects of the gynecologic spectrum:

- Ultrasound follow up of donor and recipient mares
- Artificial insemination (fresh/frozen/deep)
- Embryo flushing
- Embryotransfer of fresh and frozen (ICSI) embryos
- Birth assistance
- Foal care
- Management of recipient mares
- Etc.

We have our own recipient herd on site of +/- 100 recipient mares.

Experience is not necessary but a benefit.

The job is an excellent learning opportunity for passionate young vets that want to learn more about equine reproduction. You will work together and under the supervision of an experienced repro-veterinarian.

Apartment is available. Correct salary.

If you are interested, please send your CV and motivation letter to Lies De Backer: lies@jefdesmedt.com
